

Cherry County Independent

WE DO NOT ASK SYMPATHY; BUT WE DEMAND JUSTICE.

VOL. XI.

VALENTINE, CHERRY CO., NEBRASKA, THURSDAY APRIL 2, 1896.

10

A Parting Word.

With this issue we sever our connections with the INDEPENDENT—having sold the office complete, together with the subscription list to R. B. Good. Mr. Good will put out the next issue of paper under the name of "The Valentine Democrat." The Democrat will fill out all unexpired subscriptions and will collect all money due on subscription.

It was three years on 28th of last May since the first issue of the INDEPENDENT appeared. The editorial management has never changed, and we have worked faithfully for the up-building of Cherry county and Valentine; and the furthering of the interests of the political party which we believe to be advocating the great principles that if enacted into laws would be most beneficial to humanity—The Populist Party. We have seen this party come up from almost obscurity until today it has a footing in this county that will stand for years to come. And if our efforts have helped to bring about this result we feel satisfied with our labors. We have labored under many disadvantages. From the fact that the writer was only seventeen years old when starting the paper, therefore not commanding the confidence of business men; and because the political principles that we advocated were not popular with the majority of the people in our territory at that time. But through honest work and fair dealing we feel safe to say that we have gained the confidence of farmers, laborers and business men alike.

We are well pleased with our dealings here and could not want a better class of men to do business with. We have made a success in the newspaper arena both financially and politically, and have no complaints. We have several reasons for disposing of the plant, but it is only necessary here to mention one: we entered this business with the object of securing the necessary means to complete our education and having accomplished this we now sell the paper in order to be able to take up this work the coming school year.

R. B. Good, our successor, is formerly of Ainsworth. He is an experienced newspaper man and practical printer, having been connected with some of the principal offices in Chicago and other large cities. He comes to us well recommended as a young man of steady habits and strict probity, and we predict for him success, both socially and journalistically.

Respectfully yours,
JAMES R. FARRIS.

THE MOST ENCOURAGING NEWS.

From Every State and Territory in the Union. Harmony All Along the Line.

PEOPLE'S PARTY NEWS BUREAU.
Headquarters National Ex. Com.
St. Louis, Mo., April.—Abundant evidence is already at hand to indicate conclusively that the work undertaken by this Bureau, will not only fill a "long felt want," but prove a decided success.

Reports of unrest and general dissatisfaction in the old party ranks, are increasing in every quarter—from Maine to California and from Florida to the Lakes. It's the same story of threatened disruption and annihilation of the old organizations, if they refuse to recognize silver. From present indications the country is on the verge of a political upheaval, and the people's party will usher in the millennium next year.

James Dunn, of Idaho, the people's party candidate for congress in 1894, writes:

"We are opening the way for a union of populists, silver democrats and silver republicans. Chief Justice Houston of the Supreme Court of this state heretofore an ardent republican, has, within the last few days, announced that he would no longer follow the

lead of his party, but would act with the silver forces. J. M. Ballentine, Democratic candidate for congress at the last election, has announced himself in similar terms.

T. B. Mills, our candidate for congress in New Mexico in 1894, also writes:

"The rank and file of both old parties will join any independent movement if their parties fail to declare for bimetalism at the ratio of 16 to 1, when they nominate their candidates for President. Our territory will be fully represented at St. Louis, July 23.

Chairman Maxwell, of the Illinois people's party state committee and Dr. Emrick, chairman of the Illinois silver organization, have agreed to call joint State, Congressional and local conventions to unite their forces all along the line.

Chairman Wardall, of the California State Committee, will soon open headquarters in San Francisco, to organize his State and assist in the Oregon campaign. Several speakers will go from California to Oregon at an early date.

Up to this time, 297 delegates have been elected to the National Convention, of which number 261 are reported as favorable to a union of all the forces opposed to the gold standard and present oppressive conditions.

Francis N. Stacy, a prominent republican politician of Minneapolis, Minn., has renounced his allegiance to the republican party and joined the populists.

Geo. N. Lamphere, editor of the Morehead (Minn.) Daily News, is among the valuable new recruits to the people's party.

Ex-Archbishop General D. W. Jones of Arkansas, who is canvassing that state as a candidate for Governor, subject to the decision of the democratic primaries, in a recent speech at Arkadelphia, said: "I shall bolt the nomination of the Chicago Convention, if a gold standard platform is adopted and a gold man put upon it."

The populist vote of Oklahoma will be increased nearly 1,000 by the addition of Greer county. With only a little more than 3,000 votes to overcome, our friends in that territory should win this year.

The State Committee of Nebraska, will meet at Hastings, April 17, to fix the time and place for holding the State convention, to select delegates to the National Convention.

Hicks' Great Works.

Rev. Irl R. Hicks, the celebrated storm prophet, of St. Louis, is now a household name in nearly every home in America. His wonderful Alamanac predicts the weather for a year ahead more correctly and accurately than any other publication or any other system. The testimony of a large number of careful observers is that 99 percent of Hicks' predictions are fulfilled to the letter. His series of annual Alamanacs are now well and favorably known in all parts of this country and in foreign lands. The new Alamanac for 1896 is the most practical and instructive as well as the prettiest of this splendid series. It contains 100 pages, printed on fine book paper, with covers elegantly printed in colors. The matter, although scientific, is written in popular style, there being nothing difficult to understand about it. It is also finely illustrated. Don't confound this with some patent medicine pamphlet. It is nothing of the kind, but is a fine book, which sells at news stands for 25c. This fine Alamanac is given as a premium to every yearly subscriber to the Rev. Irl R. Hicks' well-known and deservedly popular paper, WORD AND WORKS. This unique journal is a peerless educator of the masses, and is fast becoming a household guardian and necessity in the homes of America. Those who want to keep up with the advance thought of the age in science, religion and all social, commercial, intellectual and domestic subjects, should subscribe for WORD AND WORKS. Subscription price only \$1.00 a year. You can send for both direct to WORD AND WORKS PUBLISHING CO., St. Louis, Mo. Single copies of WORD AND WORKS, 10 cents.

Danger Signals

More than half the victims of consumption do not know they have it. Here is a list of symptoms by which consumption can certainly be detected:—

Cough, one or two slight efforts on rising, occurring during the day and frequently during the night.
Short breathing after exertion.
Tightness of the chest.
Quick pulse, especially noticeable in the evening and after a full meal.
Chilliness in the evening, followed by slight fever.
Perspiration toward morning and pale face and languid in the morning.
Loss of vitality.

If you have these symptoms, or any of them, do not delay. There are many preparations which claim to be cures, but Dr. Ayer's Cherry Pectoral for Consumption has the highest endorsements, and has stood the test of years. It will arrest consumption in its earlier stages, and drive away the symptoms named. It is manufactured by the Ayer Medicine Co., 16 and 18 Chambers St., New York, and sold by all reputable druggists.

CONSUMPTION

SO PRONOUNCED By the Physicians SEVERE COUGH At Night Spitting Blood Given Over by the Doctors! LIFE SAVED BY

AYER'S CHERRY PECTORAL

"Seven years ago, my wife had a severe attack of lung trouble which the physicians pronounced consumption. The cough was extremely distressing, especially at night, and was frequently attended with the spitting of blood. The doctors being unable to help her, I induced her to try Ayer's Cherry Pectoral, and was surprised at the great relief it gave. Before using one whole bottle, she was cured, so that now she is quite strong and healthy. That this medicine saved my wife's life, I have not the least doubt."—K. MORRIS, Memphis, Tenn.
